PAYMENT RESPONSIBILITIES FOR WATER/SEWER REPAIRS

7/22/2021

Due to confusion as to whether the HOMEOWNER or TMA is responsible for paying for repairs, the following Options will be followed:

Option 1: When SEWER or WATER line needs repaired and all repairs are located on the MAIN LINE, the Thompsontown Municipal Authority (TMA) will bear the cost of all repairs.

Option 2: When SEWER or WATER line needs repaired and all repairs are located on the LATERAL LINE, the HOMEOWNER will bear the cos of all repairs.

Option 3: When SEWER or WATER line need repaired and the repairs are located at the Point of Connection with the MAIN LINE and LATERAL LINE, the cost of repairs will be shared equally by HOMEOWNER and TMA.

Option 4: (Applies to Farm Development and Pinnacle Tank Customers) If a build-up of Manganese from the Tank well results in necessary replacement of the lateral pipe, the TMA will be responsible for the repairs and will replace with PVC pipe.
